NEW MURDER PROBE THEORY IS EXPLODED

Mrs. Josephine Desidera, Thought to be Victim of Brutal Crime at Chesterton, Found Alive

HUSBAND WAS SUSPECTED

Second Case of Mistaken Identity Since Gary Police Started Working on the Case

(By United Press)

Gary, Ind., May 1—Positive information received by police this afternoon that Mrs. Josephine Desidera is alive exploded the latest theory in Chesterton's murder mystery and the case is back to the starting point.

Police admitted that they do not know either the identity of the woman whose mutilated body was found along a country road near Chesterton last Sunday, or the identity of her slayer.

Solution of the case was believed near at hand when several friends said that they were certain the body was that of Mrs. Desidera. Officers were sent out to arrest the woman's husband.

But two Gary constables came to headquarters this afternoon and said they had talked with Mrs. Desidera as late as Tuesday. The woman's attorney was sent to the morgue and looked at the body.

"I am sure that is not Mrs. Desidera", he told police.

This is the second case of mistaken identity since police started working on the case. The body for several days was thought to be that of Mrs. Thomas Sweeney, but Mrs. Sweeney was later found to be alive.

Police felt certain of a solution when the murder victim was positively identified as Josephine Desidera, 21, mother of three children, by her mother, Mrs. Bernardo Genero, and a friend, Sam Ross, 25, who was under arrest as a material witness.

Police had ordered the arrest of Luis Desidera, 26, of Gary, the woman's husband, on the strength of Ross' testimony and her mother's positive identification. Ross told the police Mr. and Mrs. Desidera engaged in a furious quarrel Saturday night.

The murder was committed the same night or early Sunday. The bullet-ridden, dismembered and charred remains were found near a road three miles from Chesterton Sunday afternoon.

Mrs. Bernardo Genero, mother of Josephine, identified the remains as those of her daughter. Ross concurred in the identification.

Mrs. Genero and Ross told police that the Desideras quarreled and separated some time ago. Ross said he lived at the hotel where Mrs. Desidera resided. Saturday night Josephine and Luis quarreled, Ross said. Ross admitted the quarrel was

ENGINEER VIEWS DRAIN THURSDAY

Opinion of Prof. Eno of Ohio State University Will be Forwarded in a Few Days

REPORT ON HODGES BRANCH

Employed on Advice of City and Railroad Engineers to Solve Drainage Problem

The opinion of an expert hydraulic engineer concerning Hodges Branch, will be received here within a few days, following a visit here Thursday of Prof. Eno of Columbus, O., who was employed by the city, upon recommendation of Will Dill, engineer in charge of the drain proposition.

Prof. Eno is associated with the Ohio State University at Columbus, and was recommended very highly to serve in the capacity for which he was employed, and his opinion in the matter will govern in a big measure the future plan of the enclosing of the open ditch.

Prof. Eno has held many important jobs as consulting engineer on big drain problems, and he also does research work for the state university of Ohio.

Upon arriving here Thursday he was taken over the ground in detail by Mr. Dill. The land north of Rushville, as contained in the water shed was viewed, as well as all of the many street and railroad bridges in the city.

Prof. Eno made notes and descriptions of the drain as he viewed it, but was not prepared to make any statement at this time, and will submit a written report to the council as soon as he has it completely solved.

He was employed upon suggestion of railroad engineers, who have different opinions concerning the amount of water fall, and the size of the bridges necessary. For this reason, it was suggested that a hydraulic expert be obtained to conduct the survey, and report.

It had originally been planned to place a concrete sewer five feet in diameter in the open ditch, and completely encolse it, but opinions of engineers have differed in the size of the ditch, and for this reason the expert employed in the matter will make a suggestion concerning the size.

Prof. Eno spent the entire day here, and left last night for his home. In the meantime nothing can be taken up with the ditch proceedings, as word will be waited on his report.

SLIGHTLY WARMER WEATHER

Light Frosts During Night, But None of Any Consequence

Indianapolis, Ind., May 1—Slightly warmer weather was predicted for Indiana today by the weather bureau.

Cloudiness last night prevented frost in the central portion of the state, but light frosts were reported in other sections.

The frost was too light to cause much damage. Vincennes had the lowest temperature with 33 degrees.

There is a possibility of another light frost tonight, the weather bureau stated.

FAIRBANKS, IND., BANK IS ROBBED OF $4.000

Two Men Take Advantage of Noonday Lull and Surprise Cashier and Assistant Alone

TAKE ALL MONEY IN SIGHT

(By United Press)

Fairbanks, Ind., May 1—Two bandits held up the Fairbanks state bank here shortly before noon today and escaped with loot estimated by Cashier Radbury at $4,000.

The bandits entered the bank when the cashier and one other employe were alone in the building. The business section of the village was practically deserted for the noon hour.

Covering Radbury and his assistant with revolvers, the bandits looted the cashier's cage of all money in sight and backed out of the building.

They jumped into an automobile parked across the street from the bank and drove away to the north, taking a road leading in that direction of Terre Haute.

Police of Terre Haute were notified to be on the lookout for the bandit gang and the sheriff at Sullivan was called and organized a search.

Final examination of the baloons was made yesterday and everything pronounced in first class shape by the pilots.

PLANS COMPLETE FOR CITY PRIMARY

Voorhees Cavitt, Democratic Chairman, Announces Selections for Precinct Boards

ELECTION NEXT TUESDAY

Anyone Who Will be 21 Years Old by November 3 Will be Permitted to Vote

With the filing of election officials by Vorhees Cavitt, city democratic chairman, all arrangements have been made for the primary to be held next Tuesday, and an effort is being made to get out a large vote by both political parties.

Attention was called today that registration is not necessary for the primary election, but those who vote in the primary become automatically registered for the November election, and will not have to register in October. Those who fail to vote Tuesday, will have to register in order to cast a vote next November.

Another factor in the primary election was pointed out today concerning first voters. Anyone who will be 21 years of age by November 3, the date of the fall election, will be eligible to vote in the primary Tuesday. In other words, a minor who has his 21st birthday between now and the fall election, can vote next Tuesday.

The city election is directly in charge of Earl Osborne, city clerk, who has made all arrangements in locating the voting places. He also has made the arrangements to serve the meals to the boards, and everything was announced today as being ready for the election.

Russell B. Titsworth, republican city chairman, has previously filed his list of election officials, and the list as submitted for the democratic primary, is as follows:

Firts precinct, Charles Taylor, judge: Hannah Morris, clerk; Jerome Caron, sheriff. Second precinct, Sylvester Kirkpatrick, judge; Effie Carney, clerk; John Wolters sheriff; third precinct, Clem Bowen, judge: Mrs. Fred Arbuckle, clerk; A. J. Cox, sheriff.

Fourth precinct, Charles Pence, judge; Mrs. Louis Gohring, clerk; Will Graham, sheriff; Fifth precinct Joe Woods, judge: Edna Crum, clerk; John Ryon, sheriff; sixth precinct, Jim Foster, judge; Virginia Haydon, clerk; Jennie Madden, sheriff.

LOCAL MEETING TO MAKE CLOSE OF THE FIRST WEEK

Rushville Township Class for Women Will be Held at Court House Saturday at 2 P. M.

SAME SCHEDULE NEXT WEEK

The first week of the five weeks' series of classes for women under the auspices of the state board of health, division of infant and child hygiene, will close with a meeting for Rushville township women in the court house assembly room Saturday afternoon at two o'clock.

The meetings, which have been held all week at the rate of two a day, have been addressed by Dr. N. Maude Arthur, child specialist, and L. Evaline Renwick, a registered nurse, gives demonstrations.

The meetings today were at the Raleigh gymnasium at one o'clock and the Ging school building at three o'clock.

The same schedule will be followed for four more weeks, with the exception that during the last week, most of the meetings will be held at night so that motion pictures may be shown.

The state board of health workers have been very much encouraged by the attendance, which they regard as unusually good for the first week.

SECOND PATRICIDE IN A WEEK

Edward Mason, 21, Kills Father When He Objects to "Jazz" Life

St. Paul, Minn., May 1—The second patricide within a week confronted Minnesota today.

Edward Mason, 21, shot and killed his father last night and then shot himself. Edward may die.

The opposition of Maximillan Mason to his son's "jazz" life caused the tragedy, police said.

Last Monday Mello Ghilardi killed his father, Egidio Ghilardi at Chesholm.

Mason, zion of a noble French family who settled in this country after his political and family fortunes fell, censured his son for his jazz existence and the final clash came last night.

NEXT STEP IN CASE IS CLOSELY GUARDED

Whether Attorney For Stephenson and Others Will Make New Move Before Arraignment is Unknown

OTHER LINES OF ATTACK

Withdrawal of Motion For Bail Marks Sudden Shift in the Defense Front

(By United Press)

Indianapolis, Ind., May 1—Additional trouble clouds gathered today about the head of D. C. Stephenson, in jail charged with murder for the death of Miss Madge Oberholtzer, an Indianapolis girl.

Nettie Stephenson Brehm of Porteau, Oklahoma, divorced wife of Stephenson, brought suit in superior court to attach cash and securities deposited by the former klan leader with the Fidelity Trust and Deposit company of Maryland. The deposit was given to indemnify the company for going on the bond of Stephenson and his two aides, Earl Klenck and Earl Gentry on an indictment charging them with kidnapping the girl.

The three men were reindicted on a murder count and placed in jail following the girl's death from poison taken after an alleged attack by Stephenson.

Stephenson's former wife has already brought suit for $17,000 support money for their child, Florence Katherine Stephenson.

Indianapolis, Ind., May 1—The nature of the next legal move of the defense in the Oberholtzer death case was closely guarded today.

Eph Inman, attorney for D. C. Stephenson, Earl Klenck and Earl Gentry, late yesterday unexpectedly withdrew his motion in criminal court to release the three men on bond while awaiting trial for the death of Miss Madge Oberholtzer.

There are several further lines of attack open for the defense before the case goes to trial, but Inman would give no indication of which one he would try next.

Withdrawal of the petition for bail marks a sudden shift in the defense front. The hearing was to have started in criminal court today to determine whether the state had sufficient evidence to refuse bail for the men.

Throughout the day yesterday Inman went ahead with preparations for the bail hearing, and had a subpoena issued for Mrs. Matilda Oberholtzer, mother of Miss Oberholtzer, to appear at the hearing to testify.

Late in the afternoon he made a visit to Stephenson and the other two indicted men in the Marion county jail. Leaving the jail, Inman appeared in criminal court a short time later and asked Judge Collins to withdraw the bail motion.

Inman made no comment on his request, which was granted by Judge Collins.

If Inman files no further motions, the next legal step will be formal arraignment of the trio Monday.

Various interpretations were placed on Inman's move yesterday by attorneys who have been following the case.

Some saw in its a strategic maneuver to upset prosecution plans preparatory to striking from a different angle. Others believed it gave strength to rumors that one of Stephenson's men had decided to

"NEW COED" MAKES BOW TO THE PUBLIC

Rushville High School Senior Class Play Will be Repeated at Graham Annex Tonight

CAST IS WELL SELECTED

Whole Play Centers About Trial of The New Coed and Her Final Vindication

"The New Coed", a comedy in four acts, was presented Thursday evening for the first time at the Graham Annex auditorium by the Senior class of the Graham high school, before a fair sized audience. The members of the cast were well chosen and each took their parts in fine style.

The whole play centered around the arrival at college of Miss Patricia Parker, Miss Miriam Hinchman, a new coed, who becomes very popular among the students despite her poverty and old fashioned name and wins the love of Dick Bradley, an athlete, Burkle Dugle, after complications arising are solved through the intervention of Punch Doolittle, Donald Dean.

The first act was a scene in the sitting room of Miss Rice's Edith Clare Walden, rooming house. At this time Madge Stevens, Elizabeth Spanagel, who is a typical college type, receives a telegram announcing the arrival of her friend, Miss Parker, a new coed, to college. Her three coed friends, Jean, Christina Bebout, Peg, Helen Locke, and Betty, Della Rea, are enthused over the expected arrival, as also is Miss Rice, the land lady, George Washington Watts, Marland Alexander the faithful colored servant, Dick Bradley and Punch Doolittle. Estelle Doolittle, Louise Pitman, a spoiled beauty, feels superior to the remainder of the coeds and is very unfriendly to the new arrival.

The second act is the preparation for the Hallowe'en party at which time a ring is stolen, which Dick offers as a prize for the "Cabbage contest", one of the entertaining features of the Hallowe'en party. Complications arise and the suspicion is cast on Miss Patricia Parker, as being the one who took the ring. Punch Doolittle, who does as little as he can do, offers to be a detective to find the ring.

At the meeting of the Dramatic club in the third act, it was also discovered that Miss Rice had her jewels stolen and the suspicion surrounding the ring and jewels is cast stronger than ever toward Miss Par-

COMMUNIST "MENACE" FAILS TO MATERIALIZE

Observances of the First Day of May, Traditional Strike Day For Workers, Are Orderly

SOME PRECAUTIONS TAKEN

(By United Press)

Up until a late hour the communist "menace" against which practically all Europe had stealed itself had failed to materialize this May Day.

Observances of the first of May, traditional strike day for workers, were orderly in the world capitals where trouble had been most feared.

Paris was quiet, under the airplanes of watchful police and the mobilizations of thousands of troops; in Sofia May day celebrations passed without trouble; Spanish workers took their families and picnicked in the fields; while workers marched in Tokio, Berlin, Lisbon and Mexico City without untoward incident. In Mexico City the American ambassador could not use his automobile because of a mandatory chauffeur's strike.

In the United States there was little attempt to cause disturbances in the larger cities. In certain parts of the country, including the financial district of New York, special precautions were taken to prevent trouble.

Considerable loss of life was sustained in a train wreck in the Polish corridor, presumably caused with criminal intent.

ANACONDA
FERTILIZER

There is no such thing as "resting the land" by putting it to grass crops. A good hay crop requires more plant food than some grain crops. Here are facts:

Clover, 3½ tons . .	28 "
Common pasturage .	28 "

It will take almost a whole bag of Anaconda to replace the phosphates required to mature the alfalfa crop. If you do not furnish it, then you will not get 4 tons per acre, as you ought.

Come and get it at any of our warehouses.

AMUSEMENTS

"Broadway After Dark"

Everybody raves about the wonderful cathedrals, gorgeous settings this or that picture has, but who ever heard of a bathing beach produced with perfect realism, that made one fancy oneself enjoying the fine sands and cool breezes of Miami.

In "Broadway After Dark," the screen version of the Owen Davis melodrama, directed by Monta Bell, one of the sequences called for a beach party.

The Warner Brothers' technical department provided the settings. A beautiful mansion was reproduced with shrubbery and roses surrounding the beach. Tons of sand were brought to the big stage on the Warner Brothers' lot, which is the largest on the coast, and spread over half of the immense area of this large stage. A number of chairs, beach umbrellas, and small tents were neatly laid out. Some of the scenes were taken at night, and one of the many features of this sequence were the large bon fire and the marshmallow roast, which all the actors enjoyed.

"Broadway After Dark," is playing at the Castle theatre, with a superlative cast consisting of Adolphe Menjou, Anna Q. Nilsson, Norma Shearer, Carmel Myers, Edward Burns and Williard Louis.

"Roaring Rails," Princess

Some of the most thrilling and unusual forest fire scenes ever shown in a motion picture form one of the highlights of "Roaring Rails," Harry Carey's new Hunt Stromberg Production, which is now showing at the Princess theatre.

But scenes which were far more thrilling than those shown in the picture were never recorded on celluloid.

A considerable part of "Roaring Rails" was filmed in the primitive region near Klammath Falls, Oregon. One day, when the troupe was working on the shores of one of the beautiful lakes in that vicinity, director Tom Forman noticed a spiral of smoke rising from the forest on the opposite side.

Richmond— Mystery surrounded the opening of the cornerstone at Lindley hall which was destroyed by fire. A small bug and a cobweb was found in the cavity of the stone which had been sealed tight.

VICTIM OF AMNESIA IDENTIFIED BY BROTHER

Man Held in Psychopathic Ward of Indianapolis Hospital is Ward Hughes of Chicago

UNABLE TO RECOGNIZE NAME

(By United Press)

Indianapolis, Ind., May 1—Clayton Hughes of Hoopston, Ill., today definitely identified the amnesia victim held in the psychopathic ward of the city hospital as his brother, Ward Hughes of Chicago.

The amnesia victim had only a vague recollection of having known his brother and was still unable to recognize his own name.

E. O. Burgan of the Maosnic Relief Board helped locate the brother and summoned him here from Hoopston to make the identification.

Hughes will be kept in the hospital until his condition improves or relatives make arrangements to remove him, physicians said.

The young man was found in a dazed condition at the union station Tuesday morning, unable to recall his address or his identity.

BIBLE THOUGHT FOR TODAY

Bible Thoughts memorized, will prove a priceless heritage in after years.

Deliverance at Hand:—I will be with him in trouble; I will deliver him. Psalm 91: 15.

Prayer:—O Blessed Redeemer and Lord, we would come unto Thee, for in Thee we are safe from every fiery dart of the Wicked One.

Memorial Day

Patriotic organizations are preparing for Memorial Day. It is a sad commentary on American patriotism that this responsibility falls to the lot of those who suffered the most when our common country was in danger.

Rather should those who are enjoying the freedom that was won by patriots, assume the burden of keeping alive the spirit that Memorial Day engenders. To patriotic societies belong the credit for sustaining such a national holiday.

And a nation whose wars have been fought mainly by volunteers should have a day set aside annually to honor the patriotism of its citizens.

Memorial day has been an evolution of the people. It would not exist but for the volunteer armies that have mainly fought the battles of the United States.

This country has never had a standing army on the European basis. We have no conscription law that sends every able-bodied man into camp for at least two years continuous training. Even in the civil war volunteers filled all quotas for the first two years of the tremendous conflict, and to the end formed the great bulk of troops in the field.

No disparagement of the regular army is meant, but it has often been comparatively small and is but a handful now. Our volunteers have been the chief reliance in times of war, and no national contest has ever ended with unsatisfactory terms of peace. The citizen soldier has never failed to make his mark.

No other country has the counterpart of Memorial Day because no other has such a record of freely offered service in army and navy. When men leave the vocations of peace to bear arms wherever they might be directed to go, and for a slight money compensation compared with what they give up in occupations of gain without danger, they are not alone in making the patriotic sacrifice.

American women fully share in the volunteer spirit. In the sorrows that war brings on, they bear the keenest of the suffering. When women advise sons and husbands to enter the army, the proof of love of country is unsurpassed.

All people meet on common ground in the anniversary. American men, women and children are in fellowship with what the day implies in the nationality that, powerful as it has become, is yet but in its infancy.

THE KEY TO SUCCESS

Success depends primarily on a healthy liver and stomach. You can not think straight if these organs are not working properly. Mayr's Wonderful Remedy is usually successful in such cases. Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. At all druggists. —Advertisement

A Day For Children

Today is National Child Health Day.

The President of the United States, all the officials of nation, state and community, will do honor to childhood.

Concentrated thought on child problems is needed.

Secretary of Commerce Hoover says that America's annual doctor's bill is approximately one billion four hundred million dollars. For health work—that is, prevention work—only 60 million dollars is spent through federal, state and municipal agencies. In other words, twenty-five times as much is spent for cures as prevention.

A greater sum is spent annually for chewing gum than for safeguarding the health of children. For every 1,000 babies born in 86 middle-sized cities in the United States, 7 mothers give up their lives.

The observance of today as National Child Health Day is part of a national campaign to change these depressing figures.

All such evils require only the intelligent good will of the public to bring about their remedy. May Day is to be a day dedicated to creating more of that good will. Let us have it every year.

Stewart's Washington Letter

BY CHARLES P. STEWART
NEA Service Writer

WASHINGTON — 'Tis spring and the cows are beginning to eat garlic. The Agriculture Department is experimenting with ways to take the taste and smell of it out of milk and butter.

"Garlic," comments the public health service, "is a wholesome vegetable." "Yes," admits the Agricultural Department, "but so many people object to dairy products flavored with it."

Meanwhile Washington milk retailers employ official smellers to sniff at each bottle of milk before putting it on the market. If garlicky, back it goes to the farmer. Otherwise it would be left on the dealers' hands, for consumers won't have it at any price.

* * *

"THANK God," they're whispering among themselves at the State Department, "it was an English shipmaster, not an American, whose vessel 'stood by' while all 38 of the crew of the Japanese cargo-boat Reifuku drowned in the North Atlantic." Officials are chary of saying anything aloud that might be construed as unfavorably critical of Captain John Roberts of the Homeric. But there's no mistaking the way they feel.

"They're only Japs—let 'em drown!"

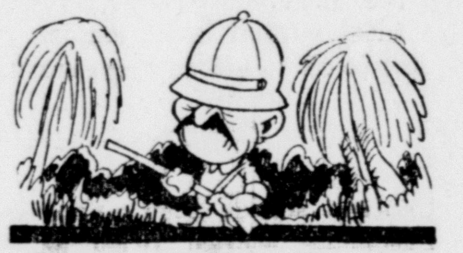
That's how Japan would have read the mind of an American commander who had had such a story as Captain Roberts' to tell. At all events, the State Department thinks so. Things of that kind count in international relationships.

* * *

IT would look so much better if Captain Roberts had but a single rescue to his credit, in evidence of a resolute effort. Or if he could report having cruised for an hour over the lost ship's grave, looking for survivors, though at the risk of scratching his paint or even smashing a propeller blade on the wreckage. I've seen a captain delay a 5000-ton vessel four and one-half times seven minutes trying to save a dog lost overboard.

* * *

THE Pan American Union is getting stacks of queries from people who, if South America is going to develop during the next 50 years as the United States has developed during the last 50, which is what General Pershing predicts, wants to get in on it.



General Pershing, like most tourists who spend a couple of weeks finding out all about the southern republics, missed a few items of information.

South of the Tropic of Capricorn there really is a vast area of fine unoccupied farm land, but the laws discourage its settlement. Farther north the laws are more liberal but much of the country is equatorial jungle, so thick that it has to be tunneled, rather than cut, through. And as fast as cleared, it grows up again. South America will develop, but nothing like as fast as this country.

Over two hundred people from this city went to Arlington yesterday afternoon to attend the dedication of the new Christian church, which was completed only a few weeks ago. CLINKERS

Constipation is like the clinkers in a stove.

When the stove is choked with clinkers it gives only one-half the heat it can with fresh, clean coal.

For the same reason when your intestines are choked with waste matter, you are physically and mentally only one-half efficient.

Waste matter in the body that is not thrown off regularly, poisons the system and makes it doubly easy for you to contract disease and doubly hard for you to get rid of disease until the waste is removed.

Constipation tends to produce piles, appendicitis and many other ills.

That is why a physician — the very first thing — sees that you are cleaned out of waste matter when he is called to minister to your needs.

We have a wonderful laxative for chronic constipation—

Raymond Nerve and Liver Pills

They will not gripe or discomfort you in the least.

ker, who is snobbed by the remainder of the students, with the exception of her room mate, Miss Madge Stevens, and Dick Bradley, who is in love with her. The act closes with her friends determined to go to the bottom of the robbery and find out who the real robber was.

The whole affair reaches a climax on the campus, the night of the class dinner and dance, which takes place in the last act. At this time Punch Doolittle proves himself to be a real detective and restores the stolen jewelry to its rightful owner. Miss Patricia Parker is discovered to be the clean and righteous coed, her friends thought she was, and the confession of Miss Estelle provides the dramatic climax of the play.

Guests at the Halloween party and members of the Dramatic Club, which was presided over by Jim Young, Robert Newbold, were, Ruth Wilkinson, Florine Walton, Maurice Wainwright, Estella Poston, Mary Maud Reed, Norman Voiles, Arthur Cortner, Allen Ellison, Julia McKibben, Carolyn Wilson, Ruth Weber, Mary Helen Elder, Ruth Mae Seward, Margaret Ralston and Mary Hall.

Between the acts splendid music was provided by the high school orchestra under the direction of D. S. McIntosh, music supervisor. The stage settings were provided by George L. Todd and Company. The cast was coached by Miss Hamrick of the high school faculty and Mrs. John Swain.

QUESTIONS FROM REPUBLICAN READERS SWAMP MAHENDRA

Questions of Daily Republican readers to be answered by Mahendra, who is appearing at the Castle theatre, have almost swamped the mentalist. This morning he answered all that were received Friday afternoon and found another large batch awaiting him. No questions received after today will be answered, as Mahendra will make his last appearance tonight and leave Saturdy. He gave a special matinee for women this afternoon and the first ten purchasing tickets were entitled to a private interview.

Answers to questions received Thursday are as follows:

M. B. C.—Your daughter will recover Her trouble is simply caused from a general "run down" condition.

B. P.—You are asking if the Webb school will have a successful basket ball team. Yes during 1926-1927.

G. P.—It seems you will continue to live where you are for the next three years.

L. M. J.—You have not yet met the one you are to marry. The initials are A. W.

H. L. S.—Your brother will be home near Christmas time.

P. M. F.—You will make a change this fall for the better. It seems office work would be your best.

S. U. R.—Your vacation trip will be to a lake in Northern Indiana. You will go in August.

E. F.—I would advise you to follow mechanical work for your most success.

G. M. C.—You will not marry until October 1926. You will go to the northern part of the state for your vacation.

D. H.—It seems to me that your traveling bag is still in the possession of the party you loaned it too.

V. W.—It seems advisable for you to build this spring.

C. N.—It seems your lawn rake has been "borrowed." You will get it back again.

Mrs. E. J. C.—It seems that your grandfather left a will. Your father was made a beneficiary.

R. F. B.—You will be successful during the latter part of this year; also your lady friend cares for you.

L. B.—It seems advisable for you to sell your business interest which are in the west and invest elsewhere.

L. J.—You will make a change to another city this fall.

M. J. D.—Your father is in the West at present.

Mrs. J. K.—I am unable to locate the party you are thinking of at present.

Mrs. H. B.—Your brother will recover although it will be only through proper medical care and attention.

G. B.—Your fountain pen has been lost in a large building. It has been found by another party. It would be impossible for you to recover it without some trouble.

Mrs. E. S.—You are wondering what makes your husband cold and distant toward you of late. It is because of the letter to Mr. H. of Indianapolis which you forgot to mail but very carelessly left in the house.

Mrs. G. P.—The letter you are worrying about was written by a lady whom you do not know. Jealousy was the motive.

D. B.—You will not marry either of the two girls you have in mind, E. H. or L. G.

H. R.—It seems advisable for you to purchase the property you are thinking of. Your employer is satisfied with your present work and there is an advancement in store for you soon.

L. G.—I do not advise you to dispose of your property right at this time.

J. K.—You will take a trip East this coming summer.

V. W.—You are desirous of knowing whether your two friends go with anyone else. Certainly, just the same as you; however neither one has serious intentions at present.

S. V. S.—I do not advise you to marry anyone you know at present. You are too young to marry anyway.

J. G.—Your husband will be successful in getting the place he has in mind. I have not time to find out what rent you will pay. You will find that out soon enough.

over his friendly relations with the woman. The Desideras disappeared shortly after the clash, Ross said.

Despite the positive identification by Mrs. Genero and Ross, Mrs. Lee Sewell, North Liberty, Ind., told police she was sure the victim was her neice, Myrtle Winston, 25, who had been missing for several weeks.

The body of an unidentified was found on the golf links at Gary. Parts of the clothing and body were burned but Captain Lynn said he felt sure there was no connection with the Chesterton murder.

NEW MURDER PROBE THEORY IS EXPLODED

Mrs. Josephine Desidera, Thought to be Victim of Brutal Crime at Chesterton, Found Alive

HUSBAND WAS SUSPECTED

Second Case of Mistaken Identity Since Gary Police Started Working on the Case

(By United Press)

Gary, Ind., May 1—Positive information received by police this afternoon that Mrs. Josephine Desidera is alive exploded the latest theory in Chesterton's murder mystery and the case is back to the starting point.

Police admitted that they do not know either the identity of the woman whose mutilated body was found along a country road near Chesterton last Sunday, or the identity of her slayer.

Solution of the case was believed near at hand when several friends said that they were certain the body was that of Mrs. Desidera. Officers were sent out to arrest the woman's husband.

But two Gary constables came to headquarters this afternoon and said they had talked with Mrs. Desidera as late as Tuesday. The woman's attorney was sent to the morgue and looked at the body.

"I am sure that is not Mrs. Desidera", he told police.

This is the second case of mistaken identity since police started working on the case. The body for several days was thought to be that of Mrs. Thomas Sweeney, but Mrs. Sweeney was later found to be alive.

Police felt certain of a solution when the murder victim was positively identified as Josephine Desidera, 21, mother of three children, by her mother, Mrs. Bernardo Genero, and a friend, Sam Ross, 25, who was under arrest as a material witness.

Police had ordered the arrest of Luis Desidera, 26, of Gary, the woman's husband, on the strength of Ross' testimony and her mother's positive identification. Ross told the police Mr. and Mrs. Desidera engaged in a furious quarrel Saturday night.

The murder was committed the same night or early Sunday. The bullet-ridden, dismembered and charred remains were found near a road three miles from Chesterton Sunday afternoon.

Mrs. Bernardo Genero, mother of Josephine, identified the remains as those of her daughter. Ross concurred in the identification.

Mrs. Genero and Ross told police that the Desideras quarreled and separated some time ago. Ross said he lived at the hotel where Mrs. Desidera resided. Saturday night Josephine and Luis quarreled, Ross said. Ross admitted the quarrel was

ENGINEER VIEWS DRAIN THURSDAY

Opinion of Prof. Eno of Ohio State University Will be Forwarded in a Few Days

REPORT ON HODGES BRANCH

Employed on Advice of City and Railroad Engineers to Solve Drainage Problem

The opinion of an expert hydraulic engineer concerning Hodges Branch, will be received here within a few days, following a visit here Thursday of Prof. Eno of Columbus, O., who was employed by the city, upon recommendation of Will Dill, engineer in charge of the drain proposition.

Prof. Eno is associated with the Ohio State University at Columbus, and was recommended very highly to serve in the capacity for which he was employed, and his opinion in the matter will govern in a big measure the future plan of the enclosing of the open ditch.

Prof. Eno has held many important jobs as consulting engineer on big drain problems, and he also does research work for the state university of Ohio.

Upon arriving here Thursday he was taken over the ground in detail by Mr. Dill. The land north of Rushville, as contained in the water shed was viewed, as well as all of the many street and railroad bridges in the city.

Prof. Eno made notes and descriptions of the drain as he viewed it, but was not prepared to make any statement at this time, and will submit a written report to the council as soon as he has it completely solved.

He was employed upon suggestion of railroad engineers, who have different opinions concerning the amount of water fall, and the size of the bridges necessary. For this reason, it was suggested that a hydraulic expert be obtained to conduct the survey, and report.

It had originally been planned to place a concrete sewer five feet in diameter in the open ditch, and completely enclose it, but opinions of engineers have differed in the size of the ditch, and for this reason the expert employed in the matter will make a suggestion concerning the size.

Prof. Eno spent the entire day here, and left last night for his home. In the meantime nothing can be taken up with the ditch proceedings, as word will be waited on his report.

SLIGHTLY WARMER WEATHER

Light Frosts During Night, But None of Any Consequence

Indianapolis, Ind., May 1—Slightly warmer weather was predicted for Indiana today by the weather bureau.

Cloudiness last night prevented frost in the central portion of the state, but light frosts were reported in other sections.

There is a possibility of another light frost tonight, the weather bureau stated.

FAIRBANKS, IND., BANK IS ROBBED OF $4.000

Two Men Take Advantage of Noonday Lull and Surprise Cashier and Assistant Alone

TAKE ALL MONEY IN SIGHT

(By United Press)

Fairbanks, Ind., May 1—Two bandits held up the Fairbanks state bank here shortly before noon today and escaped with loot estimated by Cashier Radbury at $4,000.

The bandits entered the bank when the cashier and one other employe were alone in the building. The business section of the village was practically deserted for the noon hour.

Covering Radbury and his assistant with revolvers, the bandits looted the cashier's cage of all money in sight and backed out of the building.

They jumped into an automobile parked across the street from the bank and drove away to the north, taking a road leading in that direction of Terre Haute.

Police of Terre Haute were notified to be on the lookout for the bandit gang and the sheriff at Sullivan was called and organized a search.

PLANS COMPLETE FOR CITY PRIMARY

Voorhees Cavitt, Democratic Chairman, Announces Selections for Precinct Boards

ELECTION NEXT TUESDAY

Anyone Who Will be 21 Years Old by November 3 Will be Permitted to Vote

With the filing of election officials by Vorhees Cavitt, city democratic chairman, all arrangements have been made for the primary to be held next Tuesday, and an effort is being made to get out a large vote by both political parties.

Attention was called today that registration is not necessary for the primary election, but those who vote in the primary become automatically registered for the November election, and will not have to register in October. Those who fail to vote Tuesday, will have to register in order to cast a vote next November.

Another factor in the primary election was pointed out today concerning first voters. Anyone who will be 21 years of age by November 3, the date of the fall election, will be eligible to vote in the primary Tuesday. In other words, a minor who has his 21st birthday between now and the fall election, can vote next Tuesday.

The city election is directly in charge of Earl Osborne, city clerk, who has made all arrangements in locating the voting places. He also has made the arrangements to serve the meals to the boards, and everything was announced today as being ready for the election.

Russell B. Titsworth, republican city chairman, has previously filed his list of election officials, and the list as submitted for the democratic primary, is as follows:

Firts precinct, Charles Taylor, judge: Hannah Morris, clerk; Jerome Caron, sheriff. Second precinct, Sylvester Kirkpatrick, judge; Effie Carney, clerk; John Wolters, sheriff: third precinct, Clem Bowen, judge: Mrs. Fred Arbuckle, clerk; A. J. Cox, sheriff.

Fourth precinct, Charles Pence, judge: Mrs. Louis Gohring; clerk; Will Graham, sheriff; Fifth precinct Joe Woods, judge; Edna Crum, clerk; John Ryon, sheriff; sixth precinct, Jim Foster, judge; Virginia Haydon, clerk; Jennie Madden, sheriff.

LOCAL MEETING TO MAKE CLOSE OF THE FIRST WEEK

Rushville Township Class for Women Will be Held at Court House Saturday at 2 P. M.

SAME SCHEDULE NEXT WEEK

The first week of the five weeks' series of classes for women under the auspices of the state board of health, division of infant and child hygiene, will close with a meeting for Rushville township women in the court house assembly room Saturday afternoon at two o'clock.

The meetings, which have been held all week at the rate of two a day, have been addressed by Dr. N. Maude Arthur, child specialist, and L. Evaline Renwick, a registered nurse, gives demonstrations.

The meetings today were at the Raleigh gymnasium at one o'clock and the Ging school building at three o'clock.

The same schedule will be followed for four more weeks, with the exception that during the last week, most of the meetings will be held at night so that motion pictures may be shown.

The state board of health workers have been very much encouraged by the attendance, which they regard as unusually good for the first week.

SECOND PATRICIDE IN A WEEK

Edward Mason, 21, Kills Father When He Objects to "Jazz" Life

St. Paul, Minn., May 1—The second patricide within a week confronted Minnesota today.

Edward Mason, 21, shot and killed his father last night and then shot himself. Edward may die.

The opposition of Maximillan Mason to his son's "jazz" life caused the tragedy, police said.

Last Monday Mello Ghilardi killed his father, Egidio Ghilardi at Chesholm.

Mason, zion of a noble French family who settled in this country after his political and family fortunes fell, censured his son for his jazz existence and the final clash came last night.

NEXT STEP IN CASE IS CLOSELY GUARDED

Whether Attorney For Stephenson and Others Will Make New Move Before Arraignment is Unknown

OTHER LINES OF ATTACK

Withdrawal of Motion For Bail Marks Sudden Shift in the Defense Front

(By United Press)

Indianapolis, Ind., May 1—Additional trouble clouds gathered today about the head of D. C. Stephenson, in jail charged with murder for the death of Miss Madge Oberholtzer, an Indianapolis girl.

Nettie Stephenson Brehm of Porteau, Oklahoma, divorced wife of Stephenson, brought suit in superior court to attach cash and securities deposited by the former klan leader with the Fidelity Trust and Deposit company of Maryland. The deposit was given to indemnify the company for going on the bond of Stephenson and his two aides, Earl Klenck and Earl Gentry on an indictment charging them with kidnapping the girl.

The three men were reindicted on a murder count and placed in jail following the girl's death from poison taken after an alleged attack by Stephenson.

Stephenson's former wife has already brought suit for $17,000 support money for their child, Florence Katherine Stephenson.

Indianapolis, Ind., May 1—The nature of the next legal move of the defense in the Oberholtzer death case was closely guarded today.

Eph Inman, attorney for D. C. Stephenson, Earl Klenck and Earl Gentry, late yesterday unexpectedly withdrew his motion in criminal court to release the three men on bond while awaiting trial for the death of Miss Madge Oberholtzer.

There are several further lines of attack open for the defense before the case goes to trial, but Inman would give no indication of which one he would try next.

Withdrawal of the petition for bail marks a sudden shift in the defense front. The hearing was to have started in criminal court today to determine whether the state had sufficient evidence to refuse bail for the men.

Throughout the day yesterday Inman went ahead with preparations for the bail hearing, and had a subpoena issued for Mrs. Matilda Oberholtzer, mother of Miss Oberholtzer, to appear at the hearing to testify.

Late in the afternoon he made a visit to Stephenson and the other two indicted men in the Marion county jail. Leaving the jail, Inman appeared in criminal court a short time later and asked Judge Collins to withdraw the bail motion.

Inman made no comment on his request, which was granted by Judge Collins.

If Inman files no further motions, the next legal step will be formal arraignment of the trio Monday.

Various interpretations were placed on Inman's move yesterday by attorneys who have been following the case.

Some saw in its a strategic maneuver to upset prosecution plans preparatory to striking from a different angle. Others believed it gave strength to rumors that one of Stephenson's men had decided to

"NEW COED" MAKES BOW TO THE PUBLIC

Rushville High School Senior Class Play Will be Repeated at Graham Annex Tonight

CAST IS WELL SELECTED

Whole Play Centers About Trial of The New Coed and Her Final Vindication

"The New Coed", a comedy in four acts, was presented Thursday evening for the first time at the Graham Annex auditorium by the Senior class of the Graham high school, before a fair sized audience. The members of the cast were well chosen and each took their parts in fine style.

The whole play centered around the arrival at college of Miss Patricia Parker, Miss Miriam Hinchman, a new coed, who becomes very popular among the students despite her poverty and old fashioned name and wins the love of Dick Bradley, an athlete, Burkle Dugle, after complications arising are solved through the intervention of Punch Doolittle, Donald Dean.

The first act was a scene in the sitting room of Miss Rice's, Edith Clare Walden, rooming house. At this time Madge Stevens, Elizabeth Spanagel, who is a typical college type, receives a telegram announcing the arrival of her friend, Miss Parker, a new coed, to college. Her three coed friends, Jean, Christina Bebout, Peg, Helen Locke, and Betty, Della Rea, are enthused over the expected arrival, as also is Miss Rice, the land lady, George Washington Watts, Marland Alexander the faithful colored servant, Dick Bradley and Punch Doolittle. Estelle Doolittle, Louise Pitman, a spoiled beauty, feels superior to the remainder of the coeds and is very unfriendly to the new arrival.

The second act is the preparation for the Hallowe'en party at which time a ring is stolen, which Dick offers as a prize for the "Cabbage contest", one of the entertaining features of the Hallowe'en party. Complications arise and the suspicion is cast on Miss Patricia Parker, as being the one who took the ring. Punch Doolittle, who does as little as he can do, offers to be a detective to find the ring.

At the meeting of the Dramatic club in the third act, it was also discovered that Miss Rice had her jewels stolen and the suspicion surrounding the ring and jewels is cast stronger than ever toward Miss Par-

COMMUNIST "MENACE" FAILS TO MATERIALIZE

Observances of the First Day of May, Traditional Strike Day For Workers, Are Orderly

SOME PRECAUTIONS TAKEN

(By United Press)

Up until a late hour the communist "menace" against which practically all Europe had stealed itself had failed to materialize this May Day.

Observances of the first of May, traditional strike day for workers, were orderly in the world capitals where trouble had been most feared.

Paris was quiet, under the airplanes of watchful police and the mobilizations of thousands of troops; in Sofia May day celebrations passed without trouble; Spanish workers took their families and picnicked in the fields; while workers marched in Tokio, Berlin, Lisbon and Mexico City without untoward incident. In Mexico City the American ambassador could not use his automobile because of a mandatory chauffeur's strike.

In the United States there was little attempt to cause disturbances in the larger cities. In certain parts of the country, including the financial district of New York, special precautions were taken to prevent trouble.

Considerable loss of life was sustained in a train wreck in the Polish corridor, presumably caused with criminal intent.

ANACONDA FERTILIZER

Top Dress Hay Fields

There is no such thing as "resting the land" by putting it to grass crops. A good hay crop requires more plant food than some grain crops. Here are facts:

Alfalfa, 4 tons . .	45 pounds
Clover, 3½ tons . .	28 "
Common pasturage .	28 "

It will take almost a whole bag of Anaconda to replace the phosphates required to mature the alfalfa crop. If you do not furnish it, then you will not get 4 tons per acre, as you ought.

Come and get it at any of our warehouses.

AMUSEMENTS

"Broadway After Dark"

Everybody raves about the wonderful cathedrals, gorgeous settings this or that picture has, but who ever heard of a bathing beach produced with perfect realism, that made one fancy oneself enjoying the fine sands and cool breezes of Miami.

In "Broadway After Dark," the screen version of the Owen Davis melodrama, directed by Monta Bell, one of the sequences called for a beach party.

The Warner Brothers' technical department provided the settings. A beautiful mansion was reproduced with shrubbery and roses surrounding the beach. Tons of sand were brought to the big stage on the Warner Brothers' lot, which is the largest on the coast, and spread over half of the immense area of this large stage. A number of chairs, beach umbrellas, and small tents were neatly laid out. Some of the scenes were taken at night, and one of the many features of this sequence were the large bon fire and the marshmallow roast, which all the actors enjoyed.

"Broadway After Dark," is playing at the Castle theatre, with a superlative cast consisting of Adolphe Menjou, Anna Q. Nilsson, Norma Shearer, Carmel Myers, Edward Burns and Williard Louis.

"Roaring Rails," Princess

Some of the most thrilling and unusual forest fire scenes ever shown in a motion picture form one of the highlights of "Roaring Rails," Harry Carey's new Hunt Stromberg Production, which is now showing at the Princess theatre.

But scenes which were far more thrilling than those shown in the picture were never recorded on celluloid.

A considerable part of "Roaring Rails" was filmed in the primitive region near Klammath Falls, Oregon. One day, when the troupe was working on the shores of one of the beautiful lakes in that vicinity, director Tom Forman noticed a spiral of smoke rising from the forest on the opposite side.

Richmond— Mystery surrounded the opening of the cornerstone at Lindley hall which was destroyed by fire. A small bug and a cobweb was found in the cavity of the stone which had been sealed tight.

turn state's evidence and that Inman was sparring for time.

The murder indictment was returned against the three men after Miss Oberholtzer's death from poison taken in a hotel at Hammond, where she said she had been abducted and assaulted.

The murder count is based on the charge that Stephenson and his men refused Miss Oberholtzer's plea to call a doctor for her after she took the poison.

VICTIM OF AMNESIA IDENTIFIED BY BROTHER

Man Held in Psychopathic Ward of Indianapolis Hospital is Ward Hughes of Chicago

UNABLE TO RECOGNIZE NAME

(By United Press)

Indianapolis, Ind., May 1—Clayton Hughes of Hoopston, Ill., today definitely identified the amnesia victim held in the psychopathic ward of the city hospital as his brother, Ward Hughes of Chicago.

The amnesia victim had only a vague recollection of having known his brother and was still unable to recognize his own name.

E. O. Burgan of the Maosnic Relief Board helped locate the brother and summoned him here from Hoopston to make the identification.

Hughes will be kept in the hospital until his condition improves or relatives make arrangements to remove him, physicians said.

The young man was found in a dazed condition at the union station Tuesday morning, unable to recall his address or his identity.

Memorial Day

Patriotic organizations are preparing for Memorial Day. It is a sad commentary on American patriotism that this responsibility falls to the lot of those who suffered the most when our common country was in danger.

Rather should those who are enjoying the freedom that was won by patriots, assume the burden of keeping alive the spirit that Memorial Day engenders. To patriotic societies belong the credit for sustaining such a national holiday.

And a nation whose wars have been fought mainly by volunteers should have a day set aside annually to honor the patriotism of its citizens.

Memorial day has been an evolution of the people. It would not exist but for the volunteer armies that have mainly fought the battles of the United States.

This country has never had a standing army on the European basis. We have no conscription law that sends every able-bodied man into camp for at least two years continuous training. Even in the civil war volunteers filled all quotas for the first two years of the tremendous conflict, and to the end formed the great bulk of troops in the field.

No disparagement of the regular army is meant, but it has often been comparatively small and is but a handful now. Our volunteers have been the chief reliance in times of war, and no national contest has ever ended with unsatisfactory terms of peace. The citizen soldier has never failed to make his mark.

No other country has the counteract of Memorial Day because no other has such a record of freely offered service in army and navy. When men leave the vocations of peace to bear arms wherever they might be directed to go, and for a slight money compensation compared with what they give up in occupations of gain without danger, they are not alone in making the patriotic sacrifice.

American women fully share in the volunteer spirit. In the sorrows that war brings on, they bear the keenest of the suffering. When women advise sons and husbands to enter the army, the proof of love of country is unsurpassed.

All people meet on common ground in the anniversary. American men, women and children are in fellowship with what the day implies in the nationality that, powerful as it has become, is yet but in its infancy.

THE KEY
TO SUCCESS

Success depends primarily on a healthy liver and stomach. You can not think straight if these organs are not working properly. Mayr's Wonderful Remedy is usually successful in such cases. Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. At all druggists. —Advertisement

A Day For Children

Today is National Child Health Day.

The President of the United States, all the officials of nation, state and community, will do honor to childhood.

Concentrated thought on child problems is needed.

Secretary of Commerce Hoover says that America's annual doctor's bill is approximately one billion four hundred million dollars. For health work—that is, prevention work—only 60 million dollars is spent through federal, state and municipal agencies. In other words, twenty-five times as much is spent for cures as prevention.

A greater sum is spent annually for chewing gum than for safeguarding the health of children. For every 1,000 babies born in 86 middle-sized cities in the United States, 7 mothers give up their lives.

The observance of today as National Child Health Day is part of a national campaign to change these depressing figures.

All such evils require only the intelligent good will of the public to bring about their remedy. May Day is to be a day dedicated to creating more of that good will. Let us have it every year.

Stewart's Washington Letter

BY CHARLES P. STEWART
NEA Service Writer

WASHINGTON — 'Tis spring and the cows are beginning to eat garlic. The Agriculture Department is experimenting with ways to take the taste and smell of it out of milk and butter.

"Garlic," comments the public health service, "is a wholesome vegetable." "Yes," admits the Agricultural Department, "but so many people object to dairy products flavored with it."

Meanwhile Washington milk retailers employ official smellers to sniff at each bottle of milk before putting it on the market. If garlicky, back it goes to the farmer. Otherwise it would be left on the dealers' hands, for consumers won't have it at any price.

• • •

"THANK God," they're whispering among themselves at the State Department, "it was an English shipmaster, not an American, whose vessel 'stood by' while all 38 of the crew of the Japanese cargo-boat Reifuku drowned in the North Atlantic." Officials are chary of saying anything aloud that might be construed as unfavorably critical of Captain John Roberts of the Homeric. But there's no mistaking the way they feel.

"They're only Japs—let 'em drown!"

That's how Japan would have read the mind of an American commander who had had such a story as Captain Roberts' to tell. At all events, the State Department thinks so. Things of that kind count in international relationships.

• • •

IT would look so much better if Captain Roberts had but a single rescue to his credit, in evidence of a resolute effort. Or if he could report having cruised for an hour over the lost ship's grave, looking for survivors, though at the risk of scratching his paint or even smashing a propeller blade on the wreckage. I've seen a captain delay a 5000-ton vessel four and one-half times seven minutes trying to save a dog lost overboard.

THE Pan American Union is getting stacks of queries from people who, if South America is going to develop during the next 50 years as the United States has developed during the last 50, which is what General Pershing predicts, wants to get in on it.

General Pershing, like most tourists who spend a couple of weeks finding out all about the southern republics, missed a few items of information.

South of the Tropic of Capricorn there really is a vast area of fine unoccupied farm land, but the laws discourage its settlement. Farther north the laws are more liberal but much of the country is equatorial jungle, so thick that it has to be tunneled, rather than cut, through. And as fast as cleared, it grows up again. South America will develop, but nothing like as fast as this country.

FIFTEEN YEARS AGO TODAY

From Daily Republican
Monday, May 2, 1915

Mrs. Cora Dillon, widow of Dr. O. P. Dillon, who together with Miss Grace Frazier was injured when a train struck their buggy at the railroad crossing near Dunreith two weeks ago last Saturday evening, is in about the same condition. She suffered a relapse yesterday and was in a much worse condition than she has been for several days, but is slightly improved today.

Over two hundred people from this city went to Arlington yesterday afternoon to attend the dedication of the new Christian church, which was completed only a few weeks ago. The exercise was very appropriate and was attended by an immense crowd. The dedicatory sermon was preached by the Rev. E. S. Conner, who was formerly pastor of the Christian church in Greenfield.

Wallace Payne, the young son of Mr. and Mrs. Ralph Payne of North Harrison street, entertained a number of young friends this afternoon, the occasion being his birthday.

Miss Dorothy Mulno entertained a number of her girl friends yesterday afternoon at her home in North Jackson street on her birthday.

Miss Alice Winship, who is a student in Indiana University and her guest, Miss Edith Young, returned to Bloomington yesterday afternoon after spending the week end here the guest of John B. Winship and family.

Mr. and Mrs. Charley Moore, Mr. and Mrs. Will Sharer and James and Bert Sharer of Carthage spent Sunday with Mr. and Mrs. George Sharer and family in Jersey City.

Clifford S. Lee of the Indianapolis Star, returned to Indianapolis this afternoon after spending Sunday with friends and relatives.

CLINKERS

Constipation is like the clinkers in a stove.

When the stove is choked with clinkers it gives only one-half the heat it can with fresh, clean coal.

For the same reason when your intestines are choked with waste matter, you are physically and mentally only one-half efficient.

Waste matter in the body that is not thrown off regularly, poisons the system and makes it doubly easy for you to contract disease and doubly hard for you to get rid of disease until the waste is removed.

Constipation tends to produce piles, appendicitis and many other ills.

That is why a physician — the very first thing — sees that you are cleaned out of waste matter when he is called to minister to your needs.

We have a wonderful laxative for chronic constipation—

ker, who is snobbed by the remainder of the students, with the exception of her room mate, Miss Madge Stevens, and Dick Bradley, who is in love with her. The act closes with her friends determined to go to the bottom of the robbery and find out who the real robber was.

The whole affair reaches a climax on the campus, the night of the class dinner and dance, which takes place in the last act. At this time Punch Doolittle proves himself to be a real detective and restores the stolen jewelry to its rightful owner. Miss Patircia Parker is discovered to be the clean and righteous coed, her friends thought she was, and the confession of Miss Estelle provides the dramatic climax of the play.

Guests at the Halloween party and members of the Dramatic Club, which was presided over by Jim Young, Robert Newbold, were, Ruth Wilkinson, Florine Walton, Maurice Wainwright, Estella Poston, Mary Maud Reed, Norman Voiles, Arthur Cortner, Allen Ellison, Julia McKibben, Carolyn Wilson, Ruth Weber, Mary Helen Elder, Ruth Mae Seward, Margaret Ralston and Mary Hall.

Between the acts splendid music was provided by the high school orchestra under the direction of D. S. McIntosh, music supervisor. The stage settings were provided by George L. Todd and Company. The cast was coached by Miss Hamrick of the high school faculty and Mrs. John Swain.

QUESTIONS FROM REPUBLICAN READERS SWAMP MAHENDRA

Questions of Daily Republican readers to be answered by Mahendra, who is appearing at the Castle theatre, have almost swamped the mentalist. This morning he answered all that were received Friday afternoon and found another large batch awaiting him. No questions received after today will be answered, as Mahendra will make his last appearance tonight and leave Saturdy. He gave a special matinee for women this afternoon and the first ten purchasing tickets were entitled to a private interview.

Answers to questions received Thursday are as follows:

M. B. C.—Your daughter will recover Her trouble is simply caused from a general "run down" condition.

B. P.—You are asking if the Webb school will have a successful basket ball team. Yes during 1926-1927.

G. P.—It seems you will continue to live where you are for the next three years.

L. M. J.—You have not yet met the one you are to marry. The initials are A. W.

H. L. S.—Your brother will be home near Christmas time.

P. M. F.—You will make a change this fall for the better. It seems office work would be your best.

S. U. R.—Your vacation trip will be to a lake in Northern Indiana. You will go in August.

E. F.—I would advise you to follow mechanical work for your most success.

G. M. C.—You will not marry until October 1926. You will go to the northern part of the state for your vacation.

D. H.—It seems to me that your traveling bag is still in the possession of the party you loaned it too.

V. W.—It seems advisable for you to build this spring.

C. N.—It seems your lawn rake has been "borrowed." You will get it back again.

Mrs. E. J. C.—It seems that your grandfather left a will. Your father was made a beneficiary.

R. F. B.—You will be successful during the latter part of this year; also your lady friend cares for you.

L. B.—It seems advisable for you to sell your business interest which are in the west and invest elsewhere.

L. J.—You will make a change to another city this fall.

M. J. D.—Your father is in the West at present.

Mrs. J. K.—I am unable to locate the party you are thinking of at present.

Mrs. H. B.—Your brother will recover although it will be only through proper medical care and attention.

G. B.—Your fountain pen has been lost in a large building. It has been found by another party. It would be impossible for you to recover it without some trouble.

Mrs. E. S.—You are wondering what makes your husband cold and distant toward you of late. It is because of the letter to Mr. H. of Indianapolis which you forgot to mail but very carelessly left in the house.

Mrs. G. P.—The letter you are worrying about was written by a lady whom you do not know. Jealousy was the motive.

D. B.—You will not marry either of the two girls you have in mind, E. H. or L. G.

H. R.—It seems advisable for you to purchase the property you are thinking of. Your employer is satisfied with your present work and there is an advancement in store for you soon.

L. G.—I do not advise you to dispose of your property right at this time.

J. K.—You will take a trip East this coming summer.

V. W.—You are desirous of knowing whether your two friends go with anyone else. Certainly, just the same as you; however neither one has serious intentions at present.

S. V. S.—I do not advise you to marry anyone you know at present. You are too young to marry anyway.

J. G.—Your husband will be successful in getting the place he has in mind. I have not time to find out what rent you will pay. You will find that out soon enough.

over his friendly relations with the woman. The Desideras disappeared shortly after the clash, Ross said.

Despite the positive identification by Mrs. Genero and Ross, Mrs. Lee Sewell, North Liberty, Ind., told police she was sure the victim was her neice, Myrtle Winston, 25, who had been missing for several weeks.

The body of an unidentified was found on the golf links at Gary. Parts of the clothing and body were burned but Captain Lynn said he felt sure there was no connection with the Chesterton murder.

The Yellow Can—

marks the finest of varnishes

WHETHER it's a floor, a fine bit of woodwork, a front door or a boat, get a varnish made for *that particular* job—the du Pont varnish in the yellow can.

SUPREMIS: for floors; gives a tough, glossy surface, "made to walk on"; unaffected by water.

SHIPOLEUM: for interior woodwork; dries quickly with wear-proof lustre that won't mar or crack.

NAVALITE: for all outdoor varnishing—no amount of weather can turn it white—it won't crack or chip.

Care in selecting your varnish will pay in satisfaction and money-saving. Remember there's a special du Pont Varnish for *every* purpose—and we'll be glad to tell you which one to use. Let us serve you.
